Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 17th September 1887.

READ THE FOLLOWING PAPER :—

NOTIFICATION.

No. 121.

The 17th September 1887.

The following Rules regarding the grant on favorable terms of Government land for garden cultivation, have been sanctioned by His Highness the Maharaja's Government and are hereby published for general information and guidance :—

1. Unassessed Government waste land applied for for *Dhruvypair* garden cultivation will, where no objection exists to the grant, be given to the applicant, subject to the following rates of assessment, namely :—

A. For arecanut garden in the Malnad.

1st. For the first twelve years including the year of the grant, 4 annas per acre per annum.

2ndly. For the 13th, 14th and 15th years, at $\frac{1}{4}$, $\frac{1}{2}$ and $\frac{3}{4}$, respectively, of the average rate for gardens of the same description in the village, or, where there is no such garden in the village, of the average rate for such gardens in neighbouring villages, or of such garden rate as may be fixed either by the Superintendent of Revenue Survey upon report from the Deputy Commissioner, or at the introduction or revision of a Revenue Survey Settlement.

And 3rdly. The full garden rate fixed as above to come into operation from the 16th year.

B. For arecanut gardens in the Maidan and for all cocoanut gardens.

1st. For the first nine years, including the year of the grant, at 4 annas per acre per annum.

2ndly. For the 10th, 11th and 12th years, at $\frac{1}{4}$, $\frac{1}{2}$ and $\frac{3}{4}$, respectively, of the average rate for gardens of the same description in the village, or, where there is no such garden in the village, of the average rate for such gardens in neighbouring villages, or of such garden rate as may be fixed either by the Superintendent of Revenue Survey upon report from the Deputy Commissioner, or at the introduction or revision of a Revenue Survey Settlement.

And 3rdly. The full garden rate, fixed as above, to come into operation from the 13th year.

2. Within two years of the date of the grant, the land taken up should be entirely planted up. But in the case of areas exceeding 50 acres granted for garden cultivation, the grantee will be required to plant up not less than one-fifth of the entire area in each year, so as to bring the entire land under garden cultivations by the end of the 5th year. Failure to comply with these conditions as to planting shall render the entire land liable to the full garden rate fixed in the manner aforesaid, together with a fine equal to the estimated value of the trees which might have stood on the land when it was taken up. The amount of such fine shall always be entered in every *kaul* granted under these Rules. The grantee who fails to plant up the entire area of the grant within the prescribed time will however be allowed to resign any portion of the grant in compact blocks of not less than 10 acres each.

3. No *kaul* shall be granted under these Rules for small and insignificant bits of land in Maidan Taluks in spots such as feeders of tanks, tank-beds, *vonis*, and such like, which are purposely excluded from agricultural lands at the survey. The minimum area to be granted shall be 2 acres.

4. The garden rate of assessment referred to in the preceding Rules shall not be liable to revision otherwise than at a general revision of land revenue assessment throughout the Taluk.

6. Applications for *kauls* under these Rules shall be made in writing to the Amildar, who shall make such enquiry as may be necessary and submit the application to the Deputy Commissioner for orders, with as little delay as possible.

8. Cases falling under Rule 7 above which, in the opinion of the Deputy Commissioner, may require more liberal concessions than are authorized by that Rule, will be specially reported for the orders of Government through the Superintendent of Revenue Survey.

10. In the Malnad Taluks of the Province, unassessed Government waste land shall not be assessed and granted for occupation, except upon the distinct understanding of the liability of such land to the special garden rate of assessment in force for the time being.

Form of Kaul under Notification No. 121, dated 17th September 1887.

Under the Rules contained in Notification No. 121, dated 17th September 1887, the following terms of favorable assessment are granted to you for the garden which you undertake to plant and cultivate on [extend and improve] the undermentioned land, namely :—

[illegible]

*Proceedings of the Dewan to His Highness the Maharaja of Mysore,
(Revenue),—dated 17th September 1887.*

(2) To be entered in the case of arecanut gardens in the Maidan and all cocoanut gardens under Rule 1. B.

3. The garden rate of assessment referred to in column 4 of the above statement is liable to revision on the introduction of a ³ [Survey Settlement or] revision Survey Settlement into the Taluk.

4. The above-mentioned land must be entirely planted up within 2 ⁴ [5] years from this date. If you fail to do so, full assessment at the full garden rate of Rs. per acre will be levied on the entire area from the 3rd ⁴ [6th] year, [together with a fine of Rs. which is the estimated value of the trees now standing upon the land, such fine being recoverable from you as a revenue arrear.]

5. If you are unable to plant up the entire area of the land taken up by you, within the time mentioned in the preceding paragraph, you will be allowed to resign any portion of the lands in compact blocks of not less than 10 acres each.

6. The annual assessment payable to Government and mentioned in column 3 of the statement at para 2 above, shall be recovered in such instalments as may be in force in the District for the collection of land revenue.

Given under my hand and seal this

day of
